

Subject: CSWC Operational Period Summary 1800 January 18 to 0600 January 19 2014

WEATHER:

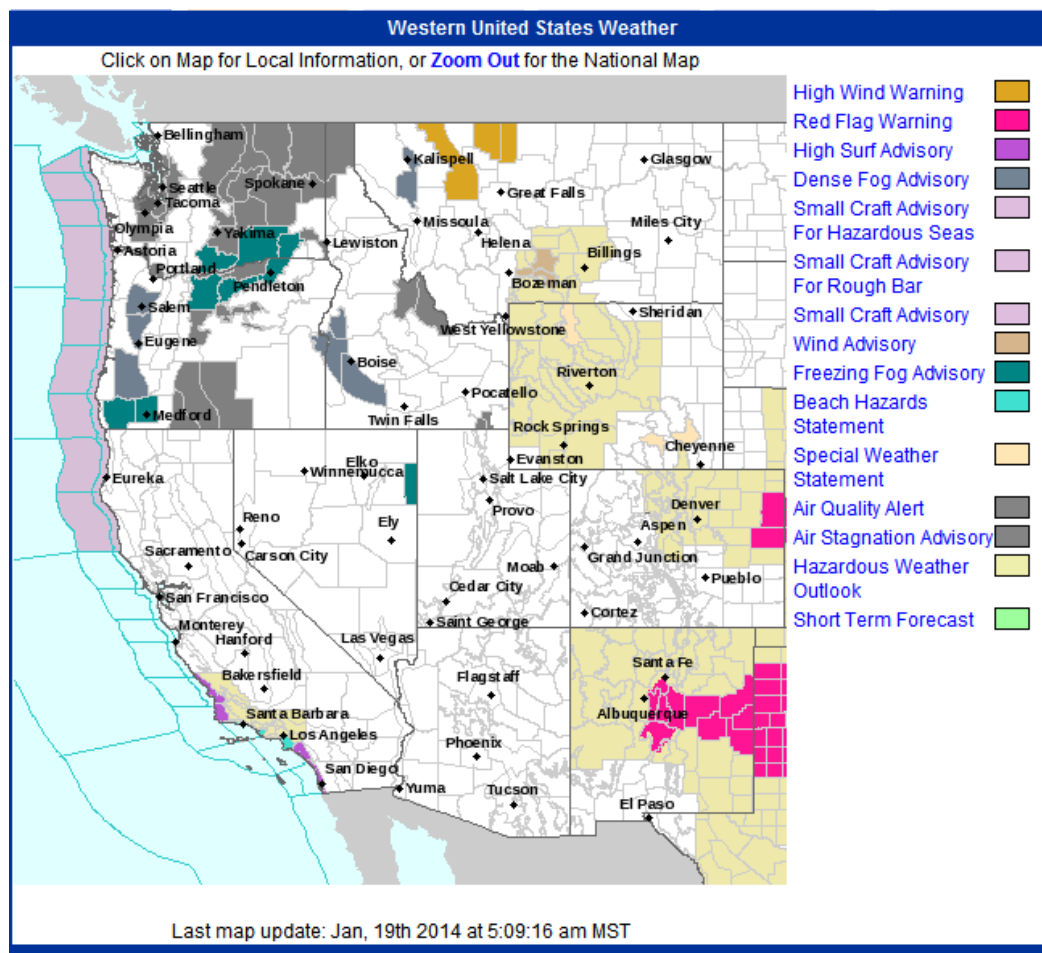

Northern California

Continuing high pressure over the West Coast will bring sunny skies and warm temperatures through the middle of next week. Although trending slightly cooler, afternoon highs will remain 10 to 20 degrees above normal. A weak disturbance Wednesday will have little effect on the region.

Southern California

A modest cooling trend will continue through Monday. Building high pressure aloft and offshore flow will bring some warming on Tuesday, and well above normal daytime temperatures will continue on Wednesday. Noticeable cooling is expected on Thursday as an upper level low pressure system drops into the great basin. This system will linger near the forecast area into the weekend.

State Weather Map

SIGNIFICANT EVENTS/ACTIVITY:

Cal EOC Incident – 2014 Drought (No change)

The lack of winter rain and snowfall has resulted in drought conditions throughout the State. Some local jurisdictions are implementing mandatory conservation orders. Reservoir levels are down significantly from where they should be on average for this time of year. Severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. The Governor has established a Drought Task Force to oversee and coordinate the response to this event.

The Task Force continues to be in very close contact with local jurisdictions and state agencies to monitor the health of state's water, agriculture, and economy. On 01/03/14, the state conducted its first snow survey of the wet season and found more bare ground than snow. Statewide the snowpack water content is just 20 percent of average for this time of year.

Update 01/12/14: The Task Force has compiled a list of expectations, actions, impacts, funding sources and implementation timeframes by participating agencies/departments for a Governor's Brief which occurred on Monday, 01/13/2014.

Drought Resolutions/Proclamations

Governor Brown Declares Drought State of Emergency (No Change)

On January 17, 2014, with California facing water shortfalls in the driest year in recorded state history, Governor Edmund G. Brown Jr. proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for these drought conditions.

In the State of Emergency declaration, Governor Brown directed state officials to assist farmers and communities that are economically impacted by dry conditions and to ensure the state can respond if Californians face drinking water shortages. The Governor also directed state agencies to use less water and hire more firefighters and initiated a greatly expanded water conservation public awareness campaign.

01/07/14 - Mendocino County – no request for state assistance at this time

01/08/14 – City of Willits, Mendocino County – no request for state assistance at this time

01/14/14 – Brookside Township, Mendocino County – An unincorporated area near Willits, Mendocino County, enacted mandatory water restrictions and declared that a local emergency and imminent threat of disaster due to drought conditions. Regional Staff is gathering more information and making an assessment.

01/15/14 – Kern County – Requesting the State to facilitate the transfer and distribution of emergency water supplies to Kern County as well as coordinate with other State and Federal agencies to assist water suppliers and identify risks to water supplies.

01/17/14 - Santa Barbara County has declared a local emergency due to the drought conditions and projected driest year on record. There is no request for State assistance.

Cal EOC Incident - Influenza 2014 (No Change)

Summary: CDPH/EMSA Public Health and Medical Situation Report 01/15/2014

* During Week two, increases in laboratory detections of influenza and influenza-associated deaths in person <65 were reported in multiple regions statewide. CDPH reports that the official count of influenza fatalities in California is 45 an increase of 38 over last week's reporting period.

*The 45 influenza-associated deaths this season have been reported by the following counties: Alameda (3), Contra Costa (2), Kern (1), Kings (2), Lassen (1), Los Angeles (4), Marin (2), Mendocino (1), Merced (2), Orange (3), Riverside (1), Sacramento (5), San Bernardino (4), San Diego (3), San Francisco (1), San Mateo (2), Santa Barbara (1), Santa Clara (3), Sonoma (1), and Stanislaus (3). The pediatric deaths occurred in Los Angeles and San Mateo counties.

* While outpatient visits for influenza-like illness and hospitalizations for pneumonia and influenza at Kaiser Permanente facilities remain above expected levels for this time of year, the levels have decreased from Week 1 to Week 2 by 5.4 percent.

* The H1N1 strain still appears to be the predominant strain so far this flu season and is one that is contained in the current flu vaccine.

* The CDPH and EMSA Medical and Health Coordination Center (MHCC, formerly the Joint Emergency Operations Center) remains activated.

* EPO facilitated a teleconference for local Stakeholders on January 14, 2014 and participated in a teleconference facilitated by EMSA regarding the effects of influenza on the emergency medical system on January 16, 2014.

* MHCC staff conducted an initial incident briefing with the California Department of Corrections and Rehabilitation on January 15, 2014.

* CDPH and EMSA have not received any resource requests and none are anticipated at this time.

CDPH and EMSA activated the Medical and Health Coordination Center (MHCC) at noon on January 10, 2014, in response to an increase in influenza-like illness (ILI) and medical surge occurring throughout California.

CDPH and EMSA will distribute a weekly Public Health and Medical Situation Report.

The full CDPH/EMSA Report for 01/15/2014 is attached.

CAL OES MISSIONS:

New Missions: NTSR

Ongoing Missions:

2014-Coastal-2015 The Cal OES Coastal Duty Officer (CDO) advises a mission has been opened to support a Mendocino County request for a Department of Water Resources (DWR) Systems Specialist (or individual with like qualifications). The individual is requested to assist developing issues with water system delivery issues due to the drought. DWR is aware of the request.

2013-LAW-1563 Plumas County Sheriff's Office (PCSO) has requested Human Remains Detection K9 for a previous investigation which was suspended in November of 2013. PCSO will be utilizing a Nevada County SO SAR K9 resource for the mission. Search activity will be conducted potentially through this weekend dependent on weather and personnel.

2014-LAW-1918 01/06/14, 1412 hours, The Sacramento County Sheriff's Dept. (SCSD) contacted Cal OES Law Branch and advised that new information has prompted a fresh search for a missing couple who were reportedly fishing in the Rio Vista area of Sacramento County. The original search (2013-LAW-1734) utilizing mutual aid resources occurred on 12/02/13 – 12/03/13, but yielded negative results. On 01/10/14 one Missing Person was located during search efforts (deceased). On 01/13/14 at 1600 hours, per Sacramento County Sheriff's Marine Detail, CARDA Water HRD K-9 teams identified an area of interest. A subsequent search using

sonar equipment revealed the second victim may have been located. On 01/14/14, per Sacramento County Sheriff's Department, the dive operations conducted yesterday did not produce any new clues or recovery of the second victim. A private consultant will continue to search the area with sonar until the identified search area is completed. Solano County and Sacramento County will coordinate a dive operation on a vehicle found north of the point last seen (PLS) in the event river current or tide movement pushed the victim in the area of the vehicle. The Dive operation is scheduled to occur on Saturday, 01/18/14.

Closed Missions:

2014-LAW-2018 On 1/17/14 at 1442 hours, San Luis Obispo (SLO) County Sheriff's Department requesting assistance in locating an aircraft and its occupants, which went down approximately one mile off shore on 1/14/2014. For the past three days, SLO County Sheriff's Department have been searching the crash area but have been unable to locate anything using their own equipment. SLO County Sheriff requesting a ROV with forward looking sonar and side scan sonar equipment with operators for a search on Saturday, 1/18/2014, with a 0800 hours briefing at Port San Luis. Cal OES LDO coordinated with Ventura County Sheriff's Department for the requested resources. [SLO County Sheriff's Department advised their search was met with negative results. All mutual aid resources were released back to home base. SLO County Sheriff's Department said they may suspend the search for the next couple of days due to increased sea swell and they are not requesting any additional mutual aid at this time.](#)
